

DAINO OUTDOOR Adventures

Explore your adventurous spirit with LOLgarda canyoning

Wow! Lol! And wow and lol again! Emotions and laughter in the waters that are in tune with a pristine, precious, normally inaccessible nature. Set out for exploration with one of LOLgarda's canyoning activities that are suitable for all ages and levels: you can walk, swim, climb down and dive, if you want, in natural pools designed by water. Our partner LOLgarda is located in Val di Ledro, near the biotope of Lake Ampola, an area that is particularly appropriate for a walk, also for people who do not want or cannot take part in the activity. At LOLgarda's you will also find a comfortable parking place, a dressing room and a wonderful picnic area where you can relax and enjoy your lunch at your own pace. We have selected some exciting experiences for you. Visit the website of LOLgarda www.lol-garda.it to find other exciting adventure proposals.
